

Department: Civil Engineering

S.No	Name of the faculty	Areas of interest / Expertise
1	Mr.B.Sugumaran	Concrete technology, Construction management
2	Mr.Robinson J	Seismic Engineering, Earthquake resistant structures, Analysis & designing of structures.
3	Mr.R. Srinivas Prabhu	Concrete technology, Design of concrete structures
4	Ms. S. Suthaviji	Design of Concrete structures ,Seismic Analysis of structures and concrete technology
5	Mr.Siddharth K	Seismic Engineering, Earthquake resistant structures, Surveying, Analysis & designing of structures
6	Mr. S.Vivek	Water and Waste water treatment plants, Municipal solid waste treatment plant, Sanitation structures, Rain water harvesting units, Check dam construction, Water shed Management, Water resource engineering
7	Mr. A. Naveen Arasu	Concrete technology, Earthquake resistant structures, Design of RCC elements, Estimation and Quantity Surveying
8	Mr. S. Deepika	Total Quality Management, Repair and Rehabilitation of Structures, Construction Management, Construction Planning and Scheduling, Safety management, Water supply engineering
9	Mr. S. Yuvaraj	Corrosion resistant structures, Analysis and Design of different structures, Construction materials and Concrete Technology , Seismic restoration of structures
10	Mr. S. Raaj Kumar	Water Supply Engineering, Application of Remote Sensing in Water Resources, and Impact of Climate change on Water Resources.
11	Mr.D.Pradeep Kumar	Measurement of elevation & area, Quantity surveying, Drafting & Rendering of structures, computer/system interpretation in analysis & designing of structures , Experimental investigation on construction materials.
12	Mr. K. P. Siva	Seismic Engineering, Earthquake resistant structures, Highway Engineering, Professional Management Courses, and literature study of construction materials.
